

Meera Nair

NLP Engineer

PROFESSIONAL SUMMARY

Entry-level NLP Engineer interested in natural language processing, transformers, large language models, and retrieval-based applications.

EDUCATION

Bachelor of Technology in Computer Science and Engineering | 2022 - 2026

TECHNICAL SKILLS

Python, NLP, Transformers, Hugging Face, LLM, RAG, APIs, PyTorch, TensorFlow, Git

PROJECTS

- Sentiment Analysis System — developed an NLP pipeline to classify customer reviews.
- Document Question Answering — built a retrieval augmented generation prototype for answering questions from documents.
- Transformer Text Classifier — experimented with transformer models using Hugging Face and PyTorch.

EXPERIENCE

NLP Research Intern — cleaned text datasets, evaluated NLP models, and experimented with transformer-based architectures.
